

# Sustainability Problems

Evaluation of "Go Fix It!" Oral Presentation

Name \_\_\_\_\_

1. Did the speaker introduce him or herself, and the aim of their presentation (persuading viewers that the proposed "go fix it" intervention is a creative and urgent response to a complex problem)?
  2. Did the speaker effectively convey the complexity, magnitude and environmental significance of the problem the proposed intervention responds to?
  3. Did the speaker provide a clear, sufficiently detailed, and persuasive description of the proposed intervention?
  4. Did the speaker use images effectively, and explain their significance?
  5. Did the speaker indicate the source of information presented?
  6. Did the speaker have an effective closing statement?
  7. Was the presentation well organized?
  8. Was the presentation well timed?
